Subject: Letter of Commendation

To whom it may concern:

This letter is to commend Ms. Helene Barkin for her outstanding leadership displayed as realtor from March 29 through June 19, 2009.

Tasked with the monumental assignment of selling my parents house, Helene overcame numerous obstacles to accomplish this objective in only 12 weeks. Furthermore, by garnering seven offers, Helene sold our house significantly above asking price and under extremely difficult market conditions.

Her outstanding organizational acumen, strong work ethic, superior negotiation skill, and communication ability were instrumental to our success. Helene's attention to detail, her creativity, and superior attitude allowed my brother and me to overcome the many challenges that confronted us during this sale.

Helene's selfless effort provided accurate and timely information so that my brother and I could make an informed decision.

In short, Helene's phenomenal real estate knowledge and expertise sold our house. I would strongly recommend Helene Barkin to anyone who is interested in selling a home.

Sincerely,

John Scudder
